Giving your permission is voluntary. You can change your mind whenever you like. However, any data that have already been combined may still be used by researchers. If you choose not to consent, that's fine and you can still be part of future surveys.

If you agree to this, you don't need to do anything. Wallis (that's us) will provide your contact details to the USI Office so they can locate your Unique Student Identifier (or 'USI') (if you have one). The USI Office will then give your USI to the National Centre for Vocational Education Research (NCVER) who will use it to link your VET records to the answers from your survey. **This includes any VET training you have already done or might do in the future.**

If you withdraw from the survey, we'll keep using your information to link to any other VET study that you might do in the future. So make sure you let us know if you'd like to withdraw your consent to link your data.

HED2 (1) **Next we'd like to ask for your permission to link your survey results to other government data about university study.**

Linking your survey results with your university records can improve the information for researchers who use the data. The information will only ever be used for approved research projects.

Giving your permission is voluntary, if you choose not to consent, that's fine and it will not impact your involvement in this survey.

You can change your mind whenever you like. Just keep in mind that any data that have already been combined will still be able to be used by researchers.

If you agree to have your data linked, this will include any university study you have already done or might do in the future. **We will provide your contact details and date of birth to the Department of Education and Training who will use this information to retrieve your university records. Your university records will then be provided to the National Centre for Vocational Education Research (NCVER) who will then add this information to your survey results for researchers to use.**

If you withdraw from the survey, we'll keep adding any university study that you might do in the future to your survey records. So if you do decide to withdraw from the survey at any time, make sure you also let us know if you'd like to withdraw your consent to link your data.

CAWI: Tooltips: (CATI: IF NECESSARY)

- 'University study' includes higher education undertaken at non-university higher education institutions (e.g. private providers).
- A unique data linkage key is created to link the data and make sure no identifying information is available to researchers.

HED2 (2)

Next we'd like to ask for your permission to link your survey results to other government data about university study.

As with your VET records, this makes the information more useful for researchers. Permission is voluntary, you can choose not to consent while still being part of future surveys, and you can change your mind whenever you like; however, any data that have already been combined may still be used by researchers.

If you agree to have your data linked, this will include any university study you have already done or might do in the future. **We will provide your contact details and date of birth to the Department of Education and Training who will use this information to retrieve your university records. Your university records will then be provided to the National Centre for Vocational Education Research (NCVER) who will then add this information to your survey results for researchers to use.**

If you withdraw from the survey, we'll keep adding any university study that you might do in the future to your survey records. So if you do decide to withdraw from the survey at any time, make sure you also let us know if you'd like to withdraw your consent to link your data.
